# **Procedure for Reporting Livestock Waste Releases and Containment Plan**

## **Livestock Waste Release Definition**

A release of 25 gallons of livestock waste released into the environment for either a livestock waste handling facility or from the transportation of livestock waste. A controlled or recovered release during field application need not be reported as long as the unrecovered portion of the release does not exceed 25 gallons.

## **1st Notification of Release**

Initial notification should be made of a release by calling the Illinois Emergency Management Agency (IEMA) within 24 hours of the discovery of the release. This emergency notification line is available 24 hours per day. The numbers that they can be reached at are:

**IEMA 1-800-782-7860**

**or**

**1-217-782-7860**

### **Information needed when reporting a release:**

- 1. Location of release**
- 2. Amount of release**
- 3. Apparent environmental impacts of the release**
- 4. Action taken to contain or mitigate the release**

## **2nd Notification of Release**

Within 5 days of the initial telephone release reporting, a written notification (2 following pages) is due the Illinois Environmental Protection Agency. Their address and fax number are:

**IEPA Illinois EPA**

**Bureau of Water, Compliance Assurance Section**

**P.O. Box 19276**

**Springfield, IL 62794-9276**

**or**

**Fax 217-557-1407**
